

# Muhammad Sajawal

## Web Developer

### Who am I?

I am a software engineer and WordPress developer with 4+ years of experience. I specialize in building WordPress websites from scratch and customize themes and plugins. I also specialize in making custom pages from html, css, and Bootstrap.

I am pretty good with using WordPress plugins and optimizing website performance. I am also experienced in troubleshooting issues and collaborating with designers and other developers to ensure project requirements are met. I am passionate about creating impact WordPress websites using all types of page builders.
