ENGR NOOR US SABA

Computer Engineer | Web Developer | CMS Developer

✉ noorussaba2019@gmail.com   📞 +923092396187   📍 Rawalpindi, Pakistan   in linkedin.com/in/engr-noor-us-saba

Passionate and Versatile Computer Engineer with a strong foundation in software development, web technologies, and system design. Demonstrates expertise in WordPress development, front-end engineering, and cross-functional collaboration to deliver scalable, user-centric digital solutions. Possesses a creative eye for design paired with technical acumen in programming, debugging, and database management. Adept at leading teams, managing project workflows, and aligning technology initiatives with business goals. Committed to continuous learning and innovation in fast-paced tech environments.

WORK EXPERIENCE

ISO Consultants

Senior Web Developer   Oct 2024 - Feb 2025

- Interfaced with clients to gather and analyze project requirements, ensuring alignment with business objectives.
- Delegated tasks strategically across the development team, optimizing workflow and resource allocation.
- Prepared and delivered detailed progress reports to the CEO, highlighting milestones and performance metrics.
- Proficient in Elementor, Elementor Pro, and WP Bakery, leveraging these tools to develop responsive and visually engaging websites.
- Combined technical expertise with creative content writing to enhance user experience and brand messaging.
- Led cross-functional teams, ensuring on-time project delivery, effective task management, and sustained team productivity.

Freelancing

WordPress Developer   Dec 2023 - Aug 2024

- Specialized in developing international websites using WordPress Elementor, leveraging both templates and custom-built solutions.
- Designed and launched e-commerce platforms with WooCommerce, collaborating directly with clients to define site architecture and user experience.
- Managed complete website deployment processes, including domain setup on client-hosted servers and live site launches.
- Diagnosed and resolved backend WordPress issues to ensure seamless performance and functionality.
- Converted UI/UX designs from Figma, Photoshop, Adobe Illustrator, and Adobe InDesign into fully responsive, pixel-perfect WordPress websites.

DG Concepts

WordPress Developer Intern   Sep 2023 - Dec 2023

- Maintained and updated existing WordPress websites, including routine content uploads (posts, images) and plugin/theme updates to ensure optimal performance.
- Performed daily website backups to safeguard data integrity and enable swift recovery in case of issues.
- Supported the development of GFS Builders & Developers' national and international websites under the mentorship of a Senior WordPress Developer.
